SUBJ: ENVIRONMENTAL SURVEY

Encl: (1) List of Buildings to be visited by Environmental Science
and Engineering personnel

1. Marine Corps Base, Camp Lejeune has contracted Environmental Science and Engineering (ESE) to conduct an environmental study to determine what effect past disposal practices (POL, Solvents, etc.) may have on the Base water supply source.

2. Mr. Dave Brentlinger and Mr. Joe Wittington are the ESE representatives who will be compiling the data for the study. These two representatives of ESE will be visiting the buildings listed in the enclosure. The purpose of their visit to each building is to conduct a walk-through and ask questions concerning present and past disposal methods of POL, solvents, etc.

Paul Conroy

3. Request that each unit listed in the enclosure notify key personnel of the authorized visit by ESE personnel. Visits will begin with 2d FSSG at 1300 on 8 October 1986 and proceed to other units in the sequence listed in the enclosure.

4. POC is Mr. Alexander, extension 3035/3034.
