CERTIFIED MAIL RETURN RECEIPT REQUESTED

State of North Carolina
Department of Environment, Health, and Natural Resources
Attn: Mr. Peter Burger, P.E.
Division of Solid Waste Management
P.O. Box 27687
Raleigh, North Carolina 27611-7687

Re: MCB Camp Lejeune; Hadnot Point Industrial Area-
(Site 78, Operable Unit 1) 90% Design Review Meeting

Dear Mr. Burger:

As discussed during the 30% design review meeting held March 23, 1993 in Raleigh, North Carolina, the 90% design review meeting will be held on May 19, 1993. The location of the meeting has been determined to be EPA's Region IV office in Atlanta, Georgia. We plan to meet from 8:30 a.m. until 12:00 noon. This meeting will serve as a working review session to discuss the 90% submittal with the result of the meeting being an informal collection of all review comments.

At the present time, we anticipate that you should receive the 90% submittal on May 3, 1993.

We request that the State send the pertinent people responsible for review of these design drawings to this working session. At the conclusion of the meeting, we anticipate having an informal set of review comments by which the contractor can work in preparing the final plans and specifications. According to the expedited schedule identified in our letter of January 28, 1993, formal comments are due to LANTNAVFACENCOM no later than one week after the meeting.

Re: MCB Camp Lejeune; Hadnot Point Industrial Area-
(Site 78, Operable Unit 1) 90% Design Review Meeting

If the date or location creates a conflict in your schedule,
please contact Ms. Linda Berry at (804) 445-8637 no later than
May 7, 1993.

Sincerely,

L. A. BOUCHER, P.E.
Head
Installation Restoration Division
(South)
Environmental Programs Branch
Environmental Quality Division
