Contract Task Order (CTO) 0371
Final Phase I Solid Waste Management Unit
Confirmatory Sampling Report
MCB, Camp Lejeune, North Carolina

Dear Ms. Landman:

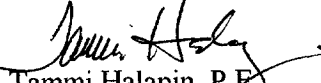

Baker Environmental, Inc. (Baker) is pleased to submit one copy of the Final Phase I Solid Waste Management Unit (SWMU) Confirmatory Sampling Report. The report reflects the modifications based upon comments regarding the Draft Phase I SWMU Confirmatory Sampling Report from the North Carolina Department of Environment and Natural Resources (NC DENR). Since there were a significant number of revisions to the report text, Volume I (text) has been submitted in its entirety. Replacement pages have been included for Volume II (appendices).

Copies of the Final SWMU Report have been submitted to Mr. Mick Senus at MCB, Camp Lejeune, to Mr. David Lown at NC DENR, and to Mr. Patrick Watters at NC DENR. A transmittal letter has been sent to Ms. Gena Townsend (United States Environmental Protection Agency) notifying her of the availability of the report. Baker anticipates that the NC DENR will concur with the Final SWMU Report. As requested by Mr. Mick Senus, Baker will wait for concurrence from NC DENR on this Final Report prior to submitting the Phase II SWMU Sampling Strategy Plan.

If you have any questions regarding this correspondence, please contact Mr. Thomas Trebilcock at (412) 269-2051 or me at (412) 269-2023.

Sincerely,

BAKER ENVIRONMENTAL, INC.
