

MAY
1982

Date: 1 June 1982

Memorandum for the Record

From: Ms. Betz, Quality Control Lab., Environmental Section, NREAB, BMaintDiv

Subj: Trihalomethane Sampling for May 1982

1. On 26 May 1982, at 1510, Mike Hargett called from Grainger Labs and said that he would be by first thing the next day with more bottles.
2. On 27 May 1982, Mike Hargett arrived with more sample containers and asked that we recollect May's samples. He said that the cap liners had messed up the results, and they had gotten poor duplication. So he wanted another set collected so they could rerun the analysis at no more cost to us.
3. On 27 & 28 May 1982, Gaines Huneycutt and Elizabeth Betz resampled all but the Courthouse Bay system. Bob Lachapelle and Hoy Burns collected the Courthouse Bay system the afternoon of 28 May 1982.
4. All but the Courthouse Bay samples were mailed on 28 May 1982. The Courthouse Bay samples were mailed on 1 June 1982.
