SUBJ: IRIP Publication, Request for

Ref: (a) my letter to AC/S, EMD of 8 August 2000

(b) AC/S, FAC, MCB letter of 7 May 1987 from U.S.G.S.

Reference (a) requested a publication contracted for by the DOW and conducted by the U.S. Geological Survey entitled:

"Ground Water Resources of the Camp Lejeune Marine Corps Base Water Use Data, A Preliminary Geohydrologic Framework and Water Level Data", dated 6/2/1987.

I have yet to receive this IRIP document, please advise status. Please see reference (b) for background of the noted ground water resources study.

NEW, BUT RELATED SUBJECT: MCB Environmental Engineer memo of 31 March 1987 to AC/S, Facilities noted certain NACIP milestones to be met. One is entitled "Hadnot Point Characterization Study Report (extent of pollution of groundwater supply) which was due by June 1987. Memo was signed by a Mr. R.E. Alexander, a FAC employee.

The undersigned officer would appreciate a copy of that completed NACIP document.

Respectfully Submitted,

Thomas A. Townsend
