SUBJ: Quarterly Progress Reports, Request For
Dear Ms. Gent-Howard,

The Federal Facilities Agreement of 6 December 1989 provides for the submission of progress reports by the Marine Corps on a quarterly basis. I would like to receive a copy of the reports for 10 July and 10 September 2000 since they are directed to be sent to USEPA.

Related Subject: On 18 September and 4 October I wrote you, as the EPA contact, concerning the failure of the Camp Lejeune Administrative Record to be maintained/updated as required by the Federal Facilities Agreement noted above.

In the 18 September letter I expressed concern about the possible destruction of documents with the CLUC AR since the Agreement does allow for destruction/disposal commencing in 1999.

It is to be hoped that in view of the delayed notification of exposed personnel during the 1968-1985 period that no records be allowed to be disposed of from the CLUC AR.

Again, what action does USEPA, as a signatory party and the primary regulatory agency, intend to take to bring this Admin Record/information source into timely compliance with the Agreement?

Regards,
