From: Assistant Chief of Staff, Facilities
To: Base Maintenance Officer

Subj: Realignment of NREA Branch

Ref: (a) AC/S, Manp ltr MANP/DWC/ga 6280 of 30 Sep 1982 (NOTAL)

1. The realignment of the NREA Branch from the Base Maintenance Division to the direct supervisory control of the Assistant Chief of Staff, Facilities, has been proposed and approved by the reference and is effective this date. All administrative and operational support provided by your Division prior to 1 October will continue to be provided in the same manner.
2. I desire to meet with you and the Director, NREA, at 0900, 7 October 1982, to discuss the details of this realignment.

IN REPLY REFER TO
MANP/DWC/ga
6280
30 Sep 1982

From: Assistant Chief of Staff, Manpower
To: Assistant Chief of Staff, Facilities

Subj: Realignment of the Natural Resources and Environmental
Affairs Branch (NREAB) within the Facilities Department.

Ref: (a) AC/S FAC ltr FAC/JGF/hf 6280 dtd 27 Sep 1982
(b) Conv between AC/S FAC & D. W. Collins, Manpower

1. The realignment/reorganization identified in reference (a) is concurred in, contingent upon the understanding during reference (b) that no additional personnel admin or clerical support nor any upgrade of personnel will occur.

2. With the change of reporting status which makes the Head of Natural Resources & Environmental Affairs Branch report directly to AC/S Facilities, it appears to dictate against the requirement for the Natural Resources Plan Coordinator, GS-12, T/O 7531 dated 12 July 1982, line no. 619. Hiring of this position is held in abeyance pending full validation.
