Re: Request for Technical Data  
Confirmation Study - 1A Step NACIP  
Program, Marine Corps Base, Onslow  
County

Dear Mr. Shiver:

We are enclosing the information which you requested on October 7, 1985. The enclosure includes a site plan for each site, water quality data and water level data. Well construction details were provided in the well completion records previously submitted. This information is extracted from a preliminary report of the first round of NACIP data collection which has not been published in final form by the Naval Facilities Engineering Command. This same information will be incorporated with subsequent data collection into the comprehensive NACIP study due next year. As more data becomes available during data collection we will also provide it.

Please feel free to contact Mr. Bob Alexander, MCB Environmental Engineer, 919-451-3034 for further information as needed.

Sincerely,

*R. A. Tiebout*  
R. A. TIEBOUT

Colonel, U. S. Marine Corps  
Assistant Chief of Staff, Facilities  
By direction of the Commanding General
