Re: Coordination of NACIP Study and USGS
Appraisal of Groundwater Resources,
Marine Corps Base, Camp Lejeune

Dear Mr. Lloyd:

We are forwarding the site maps and scope of work (SOW) for the characterization step of the Navy Assessment and Control of Installation Pollutants (NACIP) study. As noted in the SOW, the Hadnot Point water supply aquifer will be studied in detail during the coming months.

Your views on the SOW and any assistance you can provide to the contractor will be greatly appreciated. Our POC is Mr. Bob Alexander, FTS 676-3034.

Sincerely,

T. J. DALZELL
Colonel, U. S. Marine Corps
Assistant Chief of Staff, Facilities
By direction of the Commanding General

Re: NACIP Confirmation Study, Marine Corps Base, Camp Lejeune

Gentlemen:

As discussed in a telephone conversation between Jim Holdaway and Cherryl Barnett of July 19, 1986, we are enclosing the scope of work for additional NACIP efforts at Camp Lejeune. We hope you will have a chance to review this prior to our meeting of July 31, 1986, and that it may answer some of your comments on our previous submittal, the Round One Sampling report. We anticipate the NACIP contractor, Environmental Science and Engineering, Incorporated, beginning these efforts in the August/September timeframe.

Sincerely,

J. R. BAILEY, P.E.

Head, Environmental Quality Branch
Utilities, Energy and Environmental
Division

By direction of the Commander
