Camp Lejeune, NC 28542-0004

RE: Pre-Final Design Soil & Groundwater Remediation for  
Operable Unit No. 2

Dear Ms. Berry:

Attached please find comments provided to the NC Superfund Section  
by our sister agencies for the above referenced document.

Regarding the need for an Air Quality Permit, NC Superfund  
acknowledges that such permits are not required for NPL sites  
however, the substantive requirements of the North Carolina Air  
Quality regulations must be met. Please call me if you have any  
questions about this.

Sincerely,

*Patrick Watters*

Patrick Watters
