Re: MCB Camp Lejeune, Draft Final Record of Decision for the
Interim Remedial Action for the Shallow Aquifer at the
Hadnot Industrial Area

Dear Mr. Butler:

We have received your letter of 26 August 1992 providing comments
to the draft version of the referenced document.

During a telephone conversation between yourself and Mr. Byron
Brant of our staff on 13 August 1992, Mr. Brant indicated that
the Draft Final version of the referenced document would be
reissued to address your forthcoming comments on the Draft
document. However, as we do not agree with the points outlined
in your letter of 26 August 1992, we feel no revision of the
referenced document is required. As such, please consider the
version we forwarded to your office on 11 August 1992 to be the
Draft Final version. We will address your letter of 26 August
1992 in future correspondence.

Please consider that by receipt of this letter you have received
the Draft Final Interim Remedial Action Record of Decision for
the Shallow Aquifer at the Hadnot Point Industrial Area Operable
Unit. This letter was sent to your office via facsimile 27
August 1992.

Please contact Mr. Byron Brant, Camp Lejeune Remedial Project
Manager, at (804) 445-2931 if you have any questions or comments
concerning this matter.

Sincerely,

P. A. RAKOWSKI, P.E.
Head
Environmental Programs Branch
Environmental Quality Division
By direction of the Commander
