for Facilities

Dear Sir:

In accordance with provisions of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, PL 95-510 (commonly known as "Superfund") we would like to request that you complete the enclosed forms, thereby supplying us with additional information on hazardous waste sites at your installation. We talked with your Mr. Danny Sharp regarding this on April 2, 1982. The forms are designed for use by EPA and/or the States; however, we are asking some of our major federal facilities to help us by completing as much of the forms as possible. A separate form should be used for each site with all forms returned to us within fifteen (15) days if possible.

Sincerely yours,
